Answer the following questions from the information you read in the online article.

1. Why is healthy eating important?
2. The 2015-2020 Dietary Guidelines for Americans recommend that people aged 2 years or older follow a healthy eating pattern that includes these five (5) foods:
a.
b.
c.
d.
e.
3. Identify two (2) benefits of healthy eating:
a.
b.
4. Healthy eating decrease the risk of developing these seven (7) health condition:
a.
b.
c.
d.
e.
f.
g.
5. List five (5) consequences of a poor diet.
a.
b.
c.
d.
e.
6. What percentage of daily calories for children \& adolescents aged 2-18 years consist of empty calories? $\qquad$
7. List six (6) sources where these empty calories come from:
a.
b.
c.
d.
e.
f.
8. Eating a healthy breakfast is associated with improved memory, reduced absenteeism, and improved mood. TRUE or FALSE. Circle one.
9. Adequate hydration improves cognitive function in children and adolescents, which is important for learning. TRUE or FALSE. Circle one.
